

LEBANON ELEMENTARY SCHOOL

VOLUNTEER PROGRAM

CODE OF ETHICS

As a volunteer, I realize that I am subject to a code of ethics, similar to that which binds the teaching professionals. I, like them, in assuming certain responsibilities, expect to be accountable for those responsibilities. I will keep confidential matters confidential and respect the confidential nature of school records and relationships between staff members and students.

As a volunteer, I agree to serve without pay, but with the same high standards as the paid staff expects to do their work. I promise to take my work an attitude of open-mindedness, to be willing to be trained for specific assignments, and to give it my interest and attention. I will discuss any problems with staff members who are directly concerned instead of consulting others. I understand that I will not be in charge of student discipline nor making decisions that are reserved for teachers.

I believe that my attitude toward volunteer work should be professional. I believe that I have an obligation to my work, to those who direct it, to my colleagues, to those for whom it is done, and to the community.

Being eager to contribute all that I can to student betterment, I accept this code for the volunteer code as my code, to be followed carefully and cheerfully.
